Crabbe Act Appears Beaten; Ratification In Doubt; Mild Beer Faces Defeat; Wets Concede Ohio Dry

COLUMBUS, O., Nov. 6.—Returns from Tuesday's election compiled at the secretary of state's office today from 33 of the 88 counties indicate that the results on the ratification of the federal prohibition amendment and the Crabbe prohibition enforcement bill will be close with chances favoring the drys on the ratification proposition and the wets on the Crabbe bill, according to Chief Statistician Johnson. The same returns are said to indicate defeat of the 2.34 percent beer proposal and also that to repeal the state prohibition amendment.

These 33 counties, 33 of which are complete and 22 incomplete, give the wets a lead of 39,031, on ratification of the federal amendment and 22,110 on the Crabbe bill. They also give the wets a lead of 22,800 on the two and three-quarters proposal and 12,323 on the repeal proposition.

The 33 counties still to report, gave a dry majority of 33,795 for prohibition last year, and if this majority was maintained last Tuesday, it

would indicate defeat of both the two and three quarters and the repeal proposals by safe majorities, it is said.

On this showing, also, the ratification proposal would be approved by a small margin, it is said.

An encouraging indication for the drys in the fact that in the 22 counties incomplete, which are included in the tabulation, there are 235 precincts still pending. All these counties, on the partial returns made, gave dry majorities of an average of approximately 30 to a precinct. If this ratio is maintained in the precincts yet to report from those counties, the wets leads would be reduced by about 7,500 which would give the wets and drys about an even break on the ratification proposal. At the secretary of state's office, it is believed they the wet lead on the Crabbe bill cannot be overcome, though it is admitted that the result cannot be ascertained with certainty until complete returns are in.

Of the 33 counties from which no returns have been received, Lucas, alone is expected to give a substantial wet majority on all proposals. Summit county, which gave a dry majority of 3,000 last year, has not reported.

On the ratification of the federal amendment proposal, it is said that the official count may be necessary to decide the result.

James A. White, manager of the Ohio Dry Federation, this morning refused to concede that the drys had lost the Crabbe act or any of the prohibition proposals voted upon Tuesday, although at his headquarters, it was admitted earlier that the Crabbe act probably had been defeated.

"The vote on the Crabbe act and on ratification may be close, but the drys will have a majority on them," Mr. White said, adding that the drys majorities on state-wide prohibition and the 2.75 percent beer proposals would be large. "Returns which came in this morning show that the dry vote on the Crabbe act is running very well in the remaining counties," he said.

CINCINNATI, O., Nov. 6.—H. H. Gibson, manager of the Ohio Home Rule Association, who from headquarters here, has been in touch by telephone and telegraph with every precinct in the state, said today that the Crabbe bill has been overwhelmingly defeated; that the ratification of the federal prohibition amendment appears to have been defeated, and that the 2.34 beer proposal is in doubt.

"From the way the situation stands up now, the wets have lost on the question of the repeal of state wide prohibition," Gibson said. "The drys carried this proposal, but not by 75,000 majority, as was given out in Columbus Wednesday. I doubt if the majority will be as high as 50,000. The two and three fourths percent beer proposal is in doubt. The Crabbe bill has been overwhelmingly defeated. Also the ratification of the federal amendment to the constitution appears to have been defeated. The drys are holding back reports from strong dry counties."

Break In Striking Miners' Ranks Reported; Dissolution Of Injunction Plot To Blow Up Federal Building

INDIANAPOLIS, IND., Nov. 6.—A director general's staff were in conference today to dissolve the order restraining officials of the United Mine Workers of America from encouraging or directing the strike of the 425,000 members of the union, was filed in the United States district court here this afternoon by attorneys of the miners. The restraining order was issued last Friday and the hearing on a temporary injunction petitioned for by the government will be next Saturday.

The motion first sets out that the petition for the restraining order does not show that the government, the plaintiff in the case, has any interest in the subject matter nor in the relief sought nor in any injunctive relief. It is set forth that the plaintiff is without "equity and without clean hands."

It is alleged that the government knew all along of the efforts at collecting arrears and is set forth that Secretary of Labor Wilson represented the government, called representatives of the miners and miners to Washington in an effort to reason with them for a new agreement. It is further contended in the motion that the federal administration was dissatisfied with the administration of the coal fields and that the federal administration could be restored to its normal condition. This is declared to be the intention of the government that there was a conspiracy under the Lever act to reduce the output of coal.

WASHINGTON, D. C., Nov. 6.—In the hands of government officials in touch with the strike situation today indicated an increase in hit-and-run coal production, especially in the West Virginia fields. A further indication of the situation was noted in the early morning reports, although officials were not able to say whether the break in the union ranks was increasing to any great extent. This phase of the situation is being watched closely by the government departments, particularly the railroad administration and the department of justice.

Director General Hines reiterated today that no community need fear that it would be cut off entirely from fuel supplies so long as the strike administration of the railroad administration last. He declared the primary purpose of the machinery set up by his office was to guard against concentration of coal stocks in one section to the detriment of another.

Railroad administration officials refused to accept seriously published reports of traffic congestion in some of the larger terminals. Members of the

SPRINGFIELD, ILL., Nov. 6.—Frank Farrington, chairman of the miners' scale committee expressed the opinion today that John L. Lewis, acting president of the United Mine Workers of America, would not have authority to call off the strike of soft coal miners, even though directed to do so by court mandate. Washington dispatches suggested this might be done.

"My opinion is that Lewis would be without authority to rescind the strike order for the reason that he did not order the strike," Farrington declared. "The strike was ordered by 2,200 or more miners' delegates, who attended the Cleveland convention of mine workers, and Lewis is only the multiplicity through whom the order of the convention was transmitted to the membership."

CHICAGO, Nov. 6.—The dispute between Illinois coal mine operators and union miners, which resulted in virtual cessation of production throughout the country last Friday night today continued deadlocked with leaders of both producers and miners agreed that the refusal of the department of justice to withdraw the injunction proceedings, against officials of the United Mine Workers of America had swept away hope of immediate settlement of the strike.

As the approximately 425,000 miners remained idle for the sixth day, further steps had been taken to reduce the menace of a threatened coal shortage, already imminent in some sections.

Passenger trains have been rerouted from service on railroads in the middlewest and Federal Fuel Administrator Garfield has been clothed with fuel authority over prices, distribution and shipment of fuel.

ASKING FOR RELIEF

To the pleas of several Nebraska towns, Iowa and California added requests for relieving the threatened shortage. The mayor of Ogema, Kan., telegraphed U. S. Justice, middle west coal director, at Chicago that that city was without a ton of coal in its market and "hundreds of families are in immediate need." California coal dealers asked for the release of coal confiscated by the federal fuel administration and the Iowa fuel administrator complained against the continuation in service of luxurious transcontinental passenger trains.

Preparations for reopening the mines at McClintock, Oklahoma, today with 450 men, mostly farmers, promised to be an interesting development. Should the mines be worked, it would be the first break in the coal strike in the southwest.

From West Virginia and Colorado came the only reports of increased production since the walk-out became effective. Thirty one union mines were said to be in operation in West Virginia and the Colorado Fuel and Iron Company reported 64 percent of its normal force at work.

Operations at full capacity at the Madrid, New Mexico, mines continued with three at Gallup running at reduced capacity.

Transfer of another squadron of cavalry and two companies of infantry from El Paso, Texas, to Colfax, Colorado, New Mexico, was the only movement of troops in connection with the strike during the past twenty-four hours.

DRUG STORE EMPLOYEES STRIKE

NEW YORK, Nov. 6.—Union drug store employees, from registered pharmacists to soda clerks and porters, struck in Greater New York today to enforce demands for higher wages and shorter hours. The strikers are enrolled in the United Drug Clerks' local, which claims a membership of 4,000. There are 3,500 drug stores in the city employing 7,000 persons.

PRINCE RUNS LOCOMOTIVE

OTTAWA.—Not to be outdone by King Albert, the Prince of Wales ran his locomotive 20 miles with professional ease.

WILL TAKE AN OFFICIAL COUNT

BALTIMORE, MD., Nov. 6.—Complete official returns this afternoon from Annapolis and Garrett counties and one ward in Baltimore reduced the unofficial plurality of Albert G. Ritchie, Democratic nominee for governor, from 325 to 207. Nine Republicans have been given an estimated plurality of 60 in Garrett, whereas he actually received 728.

WOU D FORCE RISE IN COTTON

COLOMBIA, S. C., Nov. 6.—A movement to retire two million bales of cotton from the market in an effort to force a rise in prices has been launched by the American Cotton Association, a growers' organization, according to a statement issued here by its president, J. S. Wannamaker, who last night said a recommendation to this effect had been sent to the members of the association.

NEWS PAPER MAN DROWNS

DATON.—John A. Hays, newspaper reporter, drowned while hunting wild ducks.

TO PREVENT PROHIBITION IN NEW JERSEY

JERSEY CITY, N. J., Nov. 6.—Governor-elect Edward J. Edwards announced today that he would use all lawful methods to prevent prohibition in New Jersey.

"For its enforcement by the federal government, I shall not be responsible," he said. "I consider my election as an indication of the feelings of the people of this state concerning national prohibition. They are unqualifiedly opposed to it. Holding their mandate I shall use all the lawful methods to preserve inviolate the sovereignty of the people."

"What I shall do will depend on subsequent legislation. This congress has determined that one-half of one percent of alcohol makes a drink intoxicating. The next congress may decide on ten percent. I will ask for the best legal advice as to the power of New Jersey in concurrent legislation."

Vote Cars Off Toledo Streets

TOLEDO, O., Nov. 6.—Approval by the voters of an ordinance forcing the street car company to suspend business finds the city entirely unprepared to provide transportation. Toledo will have to walk unless there is some hasty solution, and officials now believe the outer ordinance will force hundreds of interurban cars to cease running into the city.

The latest count shows the voters by a margin of 873 approved the ordinance that provides that Toledo Railways and Light Company, a subsidiary of the Henry L. Doherty interests, must vacate the streets. The ordinance was enacted by the council following a fare increase and was referred to the people by referendum petition. In workingmen's wards the vote to oust the company was two to one.

President Coates said the company would continue to operate until notified officially that the outer ordinance had been approved.

NO-4 IN CINCINNATI

CINCINNATI, O., Nov. 6.—The NO-4, the seaplane which crossed the Atlantic, arrived here this afternoon, after a 600 mile flight from Memphis. She is in command of Lieutenant Commander A. C. Reid, and she carries the original crew of eight that made the historic trans-Atlantic flight. Its trip to Cincinnati is in the interest of naval recruiting.

LONGSHOREMEN'S STRIKE BROKEN

NEW YORK, Nov. 6.—The strike of 40,000 longshoremen, which has tied up port activities here for several weeks, appeared to have been broken today. The decline factor was the surrender of the "stevedores' strikers" who promised Mayor Hylan yesterday that they would return to work at the old rate of pay pending a decision from the national adjustment commission for a re-hearing.

POLICE CALLED TO SETTLE IT

BUFFALO, N. Y., Nov. 6.—The state police were called upon today to suppress disturbances near the Lackawanna Steel Company's plant at Lackawanna today. Crowds surrounded cars carrying men to work and several fist fights occurred. No one was seriously hurt.

PARIS.—Treaty of Versailles will become effective Nov. 28, is official assertion.

CONFUSION IN SENATE ON TREATY DISCUSSION

WASHINGTON, Nov. 6.—After a sleep and fruitless preliminary skirmish, during which avowed reservations for a time seemed imminent, the senate late today went back to its regular order of business and began formal consideration of the reservations recommended by the foreign relations committee.

AIR LINER LEAVES FOR CHICAGO WITH ELEVEN ABOARD

INDIANAPOLIS, IND., Nov. 6.—The giant Lawson air passenger liner left the motor speedway here at 8:15 this morning bound for Chicago. Eleven passengers, including three women, were aboard: W. Fred Lawson, designer of the liner, before starting said he had reports that the weather was bad for landing in Chicago, and so much proved the case, he probably would go on to Milwaukee, the women on board were Mrs. Charles Cox, of New York, wife of the pilot; Miss Mary Bostwick, an Indianapolis newspaper woman, and Mrs. William E. Howard Hays, who carried an order from the Marion County Tuberculosis Association for \$26,000 worth of Red Cross Christmas seals. The air liner came here recently from Dayton, Ohio.

CLEMENCEAU DEMANDS HIS RESIGNATION

PARIS, Nov. 6.—(Havas)—Premier Clemenceau this morning summoned to his offices Albert Lebrun, the minister of blockade and invaded regions, and demanded the minister's resignation. The premier afterward received Andre Tardieu, head of the general commission for Franco-American war matters, and sounded him on his willingness to become M. Lebrun's successor.

M. Lebrun is running for election as a deputy from Meurthe and Moselle on the same ticket with Deputy Louis Marin, who cast his vote against the peace treaty on the question of ratification by the chamber of deputies. M. Clemenceau told the minister that he could not permit a member of the Clemenceau cabinet to figure on the same list with a peace treaty opponent.

HITCHCOCK TO GET PRESIDENT WILSON'S VIEWS

WASHINGTON, D. C., Nov. 6.—President Wilson's views on reservations to the treaty of Versailles will be given to Senator Hitchcock, of Nebraska, the administration leader, at a White House conference within the next day or two. Secretary Tumulty said today he was arranging with Rear Admiral Grayson, the president's personal physician, for Mr. Hitchcock's visit. The Nebraska senator plans to lay the entire treaty situation before the president and give him his opinions as to what reservations are likely to receive the support of a majority in the senate. The president in turn, will say what reservations will be acceptable to him. Mr. Wilson has repeatedly said that no change in the treaty which would require its renegotiation would be acceptable.

BRITAIN THANKS CO. DEES

WASHINGTON.—Col. Edward A. Dees is among army officers receiving official thanks of British government for assistance rendered in aeronautical work during war.

"THE SMARTER SET"

The best advertisement of any show is a good show. This is the opinion of "The Smarter Set" management, who has been improving their offering each season and now feel that they have reached the point where they have a pretty good show, and the public feel the same way, for wherever they have appeared they have enjoyed good success. You can't fool the people any more. Maybe you could during the days of J. T. Barnum, but today in the show business as in everything else, it is "show me."

"The Smarter Set" will be the attraction at the Sun Friday night, Nov. 7, presenting their latest musical creation entitled "The Children of the Sun" with the well known comedians Sam Tatt, Whitney and J. Hower Tatt in the principal parts. Seat sale Thursday, 10 a. m.

"Maryland Beauties"

A complete change of program. In both miniature musical comedy and motion picture attractions, is offered at the Sun theatre tonight and continues through tomorrow night.

Indications are the Murphy's "Maryland Beauties" the "feature musical comedy company at the Sun all this week, will break all records of attendance to date this season. This company is declared to be the loveliest, five-foot, most carefully beautiful and all-around distinctive organization of its kind now on tour and it is said that the beauties offer a fashion show set to music a rainbow of gorgeous beauties, a storm of laughter and a musical comedy magnificently staged. Featured in the cast are a chorus of about the prettiest eight girls imaginable.

To Facilitate The System Against Grip Take LAXATIVE BROMO QUININE Tablets which destroy germs, act as a tonic and laxative, and thus prevent Colds, Grip and Influenza. There is only one "BROMO QUININE," E. W. GROVES' signature on the box, 30c.

Returns Home

C. R. Maxwell of Columbus, Irving Green salesman, who has been in the city for sometime, returned Thursday to his home.

F. J. Druske of Chicago, also an Irving Green salesman, is in the city for a few days on business.

Hand Lacerated

While helping to let down the steel curtains of their automobile Wednesday evening, Miss Elizabeth Gulker of Seventh and Lincoln streets, had the misfortune to lacerate the fleshy part of her right hand on one of the bolts in the curtain, causing an ugly and painful wound.

A Splendid Hair Grower and Wonderful Beautifier.

Here's good news for men and women whose hair is falling out, and have serious trouble with dandruff, itching scalp and itching hair. No matter how long and how thick your hair is, you can keep it with the genuine Parfumerie Co. "Gentle" hair oil. It is guaranteed to grow, surely and safely, without any of the dandruff, stop itching scalp and itching hair and promote a new growth of hair.

Parfumerie Co. can testify to the excellent results from its use. Every man and woman who has used it, and who has seen the results, will not be disappointed. It's a beautiful preparation that regulates the hair.

First application will make your hair grow and feel 100 per cent better. If you want beautiful, lustrous hair and keep it in its all-around condition, use Parfumerie Co. "Gentle" hair oil. A little application now insures abundant hair for years to come.

Money Is Tightening; Market Hit

NEW YORK, Nov. 6.—Stringent money conditions caused a sharp reversal in the stock market today, many issues declining from 3 to 15 points by 2 o'clock. Call loans, which opened at 12 percent for the second time this year, rose to 20 percent by 2 o'clock. Bank acceptances also hardened and bankers reported the money market almost bare of time funds.

That money is tightening at all the leading financial centers of the world, was evidenced by the advance of the Bank of England discount rate from five to six percent.

Child Killed

Dave Scott, foreman of the Kelly Shoe Company, received a letter today from his brother Floyd Scott, of Oakland, Calif., conveying the sad news of the tragic death of Weldon, four-year-old son of Mr. and Mrs. Floyd Scott.

The child was in the street in front of the Scott home on Monday, Oct. 27, and was run over and killed by a large auto truck, its death being almost instantaneous. The mother was formerly Miss Madeline Lutz, of this city, the family moving to California about ten years ago. Mr. and Mrs. Floyd Scott have two other children. The family has many friends here who will learn of the sad news with genuine sorrow. Mr. Scott is manager of the women's department of a large shoe store at Oakland.

SWAMP-ROOT FOR KIDNEY AILMENTS

There is only one medicine that really stands out pre-eminent as a medicine for curable ailments of the kidneys, liver and bladder. Dr. Kilmer's Swamp-Root stands the highest for the reason that it has proven to be just the remedy needed in thousands of distressing cases. Swamp-Root makes friends quickly because its mild and immediate effect is soon realized in most cases. It is a gentle, healing vegetable compound.

Life Sentence

Judge James S. Thomas in common pleas court this afternoon imposed a life term sentence in the Ohio Penitentiary upon James Thompson, Ford Run farmer who recently was found guilty of murder. Thompson shot and killed Louis Metzger of Ford Run and so badly wounded Earl Metzger that his death ensued a few days later in Hempstead hospital. Thompson's motion for a new trial was overruled today and he will begin his sentence possibly this week. He is well known on the West Side where he has resided for many years.

P. H. S. Team Is Crippled

It was learned today that the strenuous sentence practice of the P. H. S. football players had injured two of the warriors.

Carl Morton, star right end on the team, burst a blood vessel in his chest last Sunday during the first of the football games. He was taken to the hospital and is now in a critical condition. He is expected to live but will be out of the game for some time.

Morton will not be taken along on the trip to Athens tomorrow morning, but will make the trip and play in spite of his injury.

Bob Holmes, assistant coach and manager of the varsity, will not be taken along on the trip to Athens tomorrow morning, but will make the trip and play in spite of his injury.

Nerves Control

Strength To A Large Extent

Vola-Tone, "Builder of Strength"
Puts Nerves in Good Condition

Strength of the human body depends almost as much upon the nerves as it does upon the stomach, fully as much as it does upon the blood.

The nervous system of the human body might be compared to the telephone system and telephone system of this big country only it is many times more complicated.

Both, however, serve the same purpose.

Telephone and telegraph wires are used to order the shipment of foodstuffs and supplies of all kinds from one part of the country to another. They regulate commerce.

"Nerves Are Wires"

Nerves are the "wires" of the human body that are used to order the sending of "supplies"—assimilated nutrition and building material which the stomach takes from food to various parts of the body to the brain, to the nerves themselves, to the bones, muscles, flesh and various organs.

Suppose a majority of the telephone and telegraph operators suddenly went on strike or became sick. That is what happens when the nerves get out of order. They cannot work. The whole system soon becomes damaged.

Suppose children sat at telephone keys and sent out orders. Suppose insane people used long distance telephones to direct the shipping of supplies. The entire country soon would be demoralized. That is the condition of the human body when a person suffers a nervous "wreck." He is totally unfit; weakened, helpless, because his overworked nervous system has suddenly crumbled under the strain.

Since the nerves are so important to build up strength and keep the body strong Vola-Tone, "Builder of Strength" has been so compounded that it is excellent for the nerves.

Strengthen Nerves

Vola-Tone enables nature to nourish weakened nerves and make them stronger and sturdier. It enables them to stand the strain of everyday modern life and perform their duties as they should be performed. Thus does Vola-Tone by helping the nerves help to bring back strength to weakened, run down men and women.

Vola-Tone "Builder of Strength" is being sold by the following:

Dr. Fisher & Stretch, drug store, where the new medicine is being explained to many people daily by the Vola-Tone expert.

TEST SUIT IS SET FOR NOV. 12

LOUISVILLE, Ky., Nov. 6.—Judge Walter Evans, of the federal district court here, on November 12 will hear arguments on a suit to test the war time prohibition act and the Volstead enforcement law. He set this date following filing of the suit late yesterday by Attorneys William M. Ballitt, Louisville, and Levy Mayer, Chicago, on behalf of Wright and Taylor and the Brown and Forman Distilling Companies of Louisville.

The defendants are United States District Attorneys W. V. Gregory and Edward Hamilton Collector of Internal Revenue, Kentucky. The petition, which seeks to prevent interference with sale of nearly a million gallons of tax-paid whiskey owned by both companies, charges that title one of the enforcement law, relating to the duties of the revenue department to prevent the manufacture and sale of whiskey is unconstitutional in that congress violates the tenth amendment by exercising general police power over a subject matter not within its jurisdiction. Further, it said the war time prohibition act violates the fifth amendment, which provides that the government shall not take private property without just compensation.

Dietel's for the best Furniture.

Meeting Important

An important meeting of the Peerless Camp Spanish War Veterans will be held tomorrow night at 7:30 in the basement of the library. At this session when every member is urged to be present, plans will be made for an open meeting to be held the latter part of this month.

If Dietel sold it, it's good.

Heavy Frost This Morning

A heavy frost prevailed in the city and all points of the county this morning. It being the first real frost of the season. Trees will soon be stripped of their golden tinted foliage.

After being almost totally bald a New York business man grew hair—and now has a healthy growth at age of 66—for which he will send the genuine recipe free on request to any man or woman who writes to: "GROW YOUR HAIR" c/o Pauline H. Kelly, 100 E. 42nd St., New York, N. Y. Send a 3-cent stamp for the recipe.

Meet Tonight

Easton Commandery, No. 23, K. T., will meet in stated convocation this evening at 7:30. All Sir Knights are requested to be present.

SAMUEL GARR, Eminent Commander.

German Bullet Removed From Leg

HUNTON, Nov. 6.—After carrying a bullet lodged in his leg by a German machine gun since September 29, 1918, during the great Verdun drive in France, Edward Sharpe of Troutville, yesterday morning underwent an operation at the De-coness hospital for its removal. The operation was performed by Dr. O. H. Henninger of this city.

Run Down Men

Vinol, our Cod Liver and Iron Tonic, will restore your Vitality and Working Strength.

Here is Proof:

Major Hill, Pa.—"I was run down, weak, tired and had no appetite. I am a farmer and could hardly keep my Vinol built me up and made everything else fall off. It gave me new blood and strength. It simply worked wonders for me. I am a friend and tell me it would."—BLOOMING WIRE.

That is because Vinol contains Beef and Cod Liver Extracts, Wild Cherry, Iron and Hyposulphurates, the very elements needed to restore the appetite, enrich the blood and create strength.

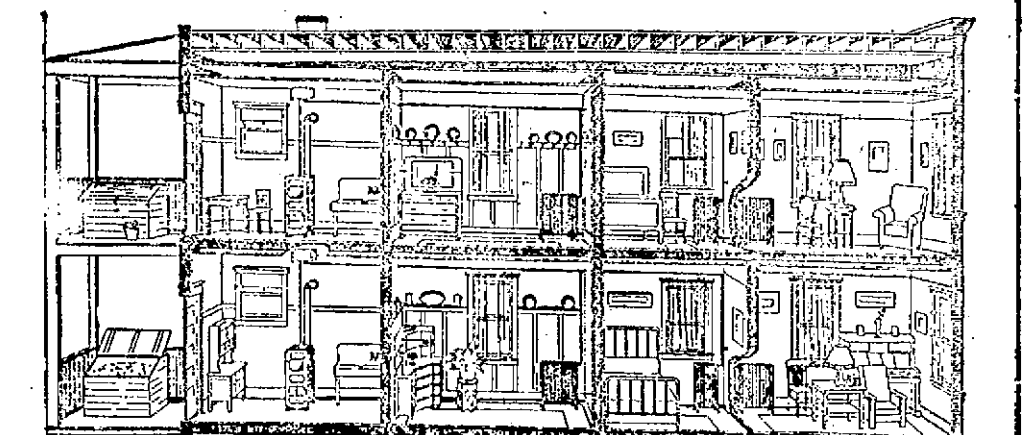

NOTE:—Your leading druggist has for many years regularly recommended Vinol because he knows that it is nothing better than this famous Cod Liver and Iron Tonic to create strength and build you up. The formula of Vinol is on every label.

Your money back if it fails.

Fisher & Stretch, Frank C. Miller, Flood & Blake and druggists everywhere.

All-on-One-Floor Heating \$107

Reduces living costs for the small home!

Where two or more families live on a building and there is no janitor service available, this arrangement of separate heating outlets (consisting of an IDEAL-Arcola Radiator with a new AMERICAN Radiator-Boiler) is a complete and satisfactory solution. Each tenant really takes care of his simple heating outfit on his own floor without going to the boiler (if there is a boiler) to attend to the fuel. Each tenant controls the heat to suit his own needs. The piping is ordinarily run out of sight between walls or under floors.

New IDEAL-Arcola Radiator-Boiler

Puts IDEAL Hot Water Heating comfort at low cost in "deckers" or flats, bungalows, stores and shops, with or without cellars

Even the \$15 a month tenant would be glad to pay \$1.50 a month extra for this IDEAL Hot Water Heating, as it would save the tenant investing six times that amount in a short-lived stove with its one-room "spotty" heating. Does away with the annual blacking, taking down and storing of stoves. And the \$1.50 a month increased rental is good interest to the building owner and secures him a better satisfied, longer-staying tenant. The IDEAL-Arcola is therefore an investment, not an expense—as it will outwear the building itself.

Investigate at once this IDEAL Heating bargain!

Each tenant controls the exact degree of warmth his family prefers or needs—makes his own indoor climate! The IDEAL-Arcola requires no cellar. Same water is circulated over and over for many years! There is no danger to children or fire risk to building, as the iron surfaces do not get red-hot like a stove, nor can the Arcola be overturned or a leg kicked out. Stops all coal-waste—thus bringing heating costs down to lowest notch.

Greatest comfort, cleanest heating, saves work and worry, protects family health, saves doctor bills and repair bills. The coal-saving soon repays original cost. Put quickly into OLD or new buildings. Phone your local dealer today.

Catalog showing open views of houses; individual flats, stores, offices, etc., with the IDEAL-Arcola Boiler in position will be mailed (free). Write today

Sold by all dealers

ENTERTAINMENT AT HIGH SCHOOL TONIGHT

At the High School Auditorium tonight the general public is cordially invited to attend an A. No. 1 entertainment given by the students to promote "Better Speech Week." The entertainment is free. Prizes will be given out at this time to those who won in the better Speech Week poster contest. Some of these posters have been displayed in local store windows and have attracted favorable comment.

Special interest centers in the three one act plays of the entertainment, which are as follows:

Piano Duet—Italy Maszkowski—Lonnie Bentley, Gladys Kelly.
"Our Speech As It Is and As It Should Be"—Evelyn Campbell.
"Nevertheless"—a Portmanteau Play. The scene is a room just upstairs. The time is last night—or tonight, perhaps.

\$735

Model Four-Ninety Touring, \$735.00 f.o.b. Plant

The Chevrolet is not a new car—it is a product of experience. It has the famous valve in head motor that makes it so economical and it possesses many qualities that are found in cars of much higher price.

We have just received 3 carloads of 1920 models and can make immediate delivery.

Ask about our deferred payment plan.

Alex M. Glockner

Gay and Gallia Service Station 616 John St

CALIFORNIA

for you this winter

Some of the reasons—

Climate—Sunny and summery, the year 'round.

Accommodations—Luxurious resort hotels—or less expensive hotels—or live in a bungalow—or rent a kitchenette.

No matter what arrangements you make for ordinary comforts, you will live in luxury—the luxury of open-air winter playgrounds, of sandy bathing beaches, of purple mountains and flower-spangled valleys.

Winter outdoor sports—Golf, on links that charm; polo, on fields of international renown; tennis, on courts of national reputation; motoring, on ideal roads through Nature's pictureland; yachting, on sparkling waters; sea-bathing, on smooth beaches.

En route, visit the National Parks, National Monuments, and other winter resorts. See Hawaii, too.

Ask for information about Excursion Fares to certain winter resorts.

PORTSMOUTH'S POSSIBILITIES UNLIMITED

Campaigner No. 1

"Come all ye likely lads who have a mind for to range into some foreign country your fortune for to change. In seeking some new pleasures, we'll all together go. And settle on the banks of the pleasant Ohio!"

—Old Song.

In 1795 there lived a man who he called Portsmouth's Possibilities Unlimited.

His name was Isaac Bonser, and his was the profession of expert woodman, hunter and guide. A number of his neighbors in Northumberland County, Pa., sent him away out west, in the spring of 1795, to look for a suitable location for a settlement on the banks of the Ohio.

He traveled alone, and on foot, carrying only rifle, blanket, and light equipment, for the going was heavy. Crossing the Ohio, he followed the north bank until he reached the mouth of the Little Scioto. It appeared to him the most likely spot for a settlement, any along the whole river, and with his tomahawk he cut a number of stakes and staked off a small area, thus gaining a title to the location. Gaining a title was a simpler proposition in those days than it is now, and no one disput-

ed Bonser's claim, for there was no cape. Late in the fall he reached his settlement between Manchester and Gallipolis.

His mission accomplished, Bonser set out on the return trip to Pennsylvania to make his report. Falling in with a surveying party which had just finished laying out the French Grant, he furnished them with game. Their been removed from the land, but no provisions had given out and the night's camp he showed them how to spirit of Isaac Bonser, men of vision, long the burn up at a safe distance, who can look ahead. The spirit of the from the fire to dig. removing the old pioneer is in the new movement, sleeper so that the steam might es-

mercy of Portsmouth, and so long as that spirit is alive in the city, Portsmouth's possibilities are indeed unlimited.

Will Talk To Women

At a called meeting of the Woman's City Club for that purpose Tuesday afternoon, November 11th, James J. Green, promoter of the Chamber of Commerce, will speak to the women of the club and all women in the city interested in hearing about this new civic venture which has proved so successful in other cities.

The men in charge of the campaign for the Chamber of Commerce in Portsmouth are anxious to interest the women of the city as they intend to have women members if the campaign carries here.

Members of the Woman's City Club are urged to turn out in large numbers for this meeting which will take place in the assembly room of the Security Bank Building next Tuesday afternoon beginning at 2:30 o'clock.

River Falling Slowly

The river at 7 o'clock Thursday morning registered 40.4 feet here.

The Chris Greene passed up for Huntington this morning. She is due down tonight for Cincinnati.

The Greenleaf is due down Friday for Cincinnati.

Tachona up Friday for Charleston.

The Crown 1111 towboat, owned by the Crane Lumber Company of Cincinnati, is here picking up the company's logs which drifted during the high water.

BIRTHS

A baby daughter, weighing eight pounds was born Wednesday afternoon to Mr. and Mrs. Joseph M. Babcock (Loubie Gibbs) of Fourth street. The baby has been named Betty Louise.

Coal and gas heaters—Distels.

Men and Women of Three States Praising Trutona

SAYS HUSBAND FEARS RESULT OF INCREASING APPETITE NOW

CONSERVE YOUR STRENGTH FOR THE HARDSHIPS OF THE WINTER

LOCAL WOMAN SAYS TRUTONA DESERVING OF GREAT PRAISE

"My husband says he'll have to call for help if I keep on eating the way I have for the past few days since taking Trutona," Mrs. Edna Caseman, 38 years old, a well known Portsmouth woman of 519 Seventh street, said recently.

Mrs. Caseman has lived in Portsmouth for nearly ten years and she is well known here.

"Mine was a complication of troubles," she continued. "Constipation bothered me. I frequently experienced dizzy spells and would often be sick at my stomach. For the past year I've suffered from a pain in my side which, at times, was so severe I just thought I couldn't stand it. I seldom ate very much and all last spring I had such bad pains in my back. I tried different means to get relief but my attempts were futile.

"I simply feel like a new person, since taking Trutona. Why, for years past I haven't eaten three meals a day but now, I eat three a day and then get hungry between meals. I haven't experienced the pain in my side for some time now. In the past I could not lay on my side and didn't 'sleep well' but in the past few nights I've slept like a log. I've gotten rid of the constipation too. One bottle of Trutona has done me more good than all the other pills I've ever taken. I can put together. It's the best medicine I've ever taken and I can recommend it to anyone suffering as I did."

Trutona is now being introduced and explained in Portsmouth at Wurster Brothers' drug store.

Trutona, The Perfect Tonic, Will Build Up Your System and Ward Off Disease

There is no time of the year that your friends and neighbors are talking about, can be taken to better advantage than during the fall and winter months.

Trutona is a tonic that will give you strength and vitality to withstand the hardships of winter. At this season of the year a most every man and woman in Portsmouth is in need of a good upbuilding tonic.

Thousands would have escaped illness last winter from the dreaded influenza that swept the country had their systems been in condition to withstand the disease. It is a well established fact that persons in a physically weakened condition are far more susceptible to influenza than the sturdy, robust kind.

Trutona is a tonic of the highest degree, exciting the appetite, soothing the nerves without harmful effects, enriching the blood and cleansing the entire system of waste matter. Trutona's action on the mucous membranes comes quickly and the preparation is excellent, as hundreds have testified, for catarrhal affections of the stomach, liver, kidneys.

Trutona's unprecedented popularity is due entirely to its merit. Although this new tonic has been on the market less than one year its sales record probably far exceeds that of any other preparation in the same time. Merit and merit alone is responsible for Trutona's great success. Read the statements on this page of what people in Portsmouth and vicinity think of Trutona.

Trutona is well named the perfect tonic.

NOTICE TO DRUGGISTS

We want a live druggist in every city, town and village in Ohio to write us in regard to our exclusive publicity plan. Druggists who appreciate a good proposition and who care for the exclusive advertising for one of the biggest sellers and fastest repeaters ever placed on the market, will address:

TRUTONA MEDICINE CO.
(Incorporated)
Louisville, Kentucky

HUNTINGTON MAN WARMLY PRAISES PERFECT TONIC

HUNTINGTON, W. VA., Oct. 8.—F. M. Keyser, 63 years old, a prominent retired real estate dealer of this city, who lives at 610 Eighth street, is one of the most ardent supporters here of Trutona, the perfect tonic. He said recently:

"Trutona has given me a fine appetite and caused me to feel a great deal better in every way. For persons needing something to build up their systems and to put their blood in good condition, I'm sure they will find Trutona very fine. Trutona has relieved me of constipation. I heartily recommend and commend it to others."

ASHLAND COUPLE TELL HOW HOME WAS BRIGHTENED

ASHLAND, KY., Oct. 8.—Mr. and Mrs. J. H. Ross, we know and highly respected citizens of Ashland, who live at 1011 1/2th avenue, have both been benefited by Trutona, the perfect tonic. Mr. Ross recently made the following interesting statement:

"We have both given Trutona a trial and can truthfully say it is the best medicine we have ever taken. I was suffering from indigestion, and constipation and my wife's kidneys were disordered. My wife says Trutona has made her feel better, sleep better and eat more. My constipation has been relieved, as has the indigestion."

TRUTONA THE PERFECT TONIC

Is now being introduced and explained in Portsmouth at Wurster Bros. drug store. Ball-Warfield Co., Ironton, Ohio, wholesale distributors for this section.

To Use Peebles And Carlyle Brick In Paving Of Trail

W. H. Ringwald has returned to the Chillicothe after a short visit to this city. While here he told County Engineer Arthur Harwood that he would have brick placed on the Scioto Trail this winter ready to be used in the Spring when the Trail will be paved from Lucasville to Wakefield. Peebles and Carlyle brick will be used.

Mr. Ringwald has decided to put in several culverts this winter so the work can progress rapidly in the Spring.

Although the buying power of your dollar has shrunk, **10 CENTS** still buys SHINOLA any color. BLACK TAN WHITE OX-BLOOD BROWN

CHARITY BALL WILL INSURE XMAS CHEER COMING TO ALL

There will be Christmas cheer for all in the Portsmouth community this year, judging from the enthusiasm with which the plans of the Elks to hold a Charity Ball are being greeted. At a meeting of the Booster Committee last evening, it was reported that already much interest was being taken, and that sentiment was unanimous in approval of the idea. Chairman E. H. Goodman, of the executive committee said it was the plan of the committee to hold down the expense to the minimum, so as to turn over a big sum for the Christmas fund. It is hoped to realize a sum large enough to insure that a Christmas basket will be sent to the home of every worthy poor family in the city, and thus guarantee that not a single little heart in the city of Portsmouth will be sorrowed on Christmas morning by the knowledge that Santa Claus failed to find his way to where he was so eagerly expected. There was much discussion as to the price of the tickets for the Charity Ball, and it was finally decided to make them only \$1.00 per couple. By putting this price on them the Elks are giving all a chance to share in the enterprise of dispensing Christmas cheer, and to feel that satisfaction which comes from helping those less fortunate. Part of the tickets have already been distributed. If you feel you can afford it, don't stop with buying one ticket, buy as many as possible. The Elks guarantee that the expense will be small, and the entire net proceeds will go toward supplying Christmas cheer.

TO ADDRESS CHAMBER OF COMMERCE

Congressman James T. Begg, who represents the 15th Congressional District of Ohio, has been elected the Chamber of Commerce of Portsmouth, that he will address the Chamber, which is to be held on the evening of Thursday, November 14th.

Congressman Begg is a member of wide experience in matters pertaining to commercial concerns there, and is an international authority on the subject of what a chamber of commerce should be and do. The chair of the dinner has not yet been selected. As one of the original organizers of the American City Bureau of New York, previous to his election to Congress, Mr. Begg is in the best of positions to advise the Chamber of Commerce of Portsmouth which should take as much as possible of its time for the betterment of the city. The three for the dinner, which were originally scheduled for Friday, even- ing 14th, has been changed to Thursday, as this was the only date for which Congressman Begg could be secured.

This is the test rubber experts use to determine the quality of rubber heels. A heel is cut along the side so that a thin strip of rubber is left attached at one end. The quality of the rubber is indicated by the way in which that strip reacts to stretching.

Like an elastic band~

A STRIP cut from the side of an ordinary rubber heel either stretches very little or else snaps easily. A heel like this is hard and "dead". Like a hard leather heel, it wears down quickly.

A strip cut from the side of an O'Sullivan Heel stretches and springs back like an elastic band.

This test shows clearly the remarkable springiness and toughness of O'Sullivan's Heels. It shows why O'Sullivan's absorb the shocks of walking on hard, unyielding pavements. It shows that there is enough "give" in O'Sullivan's Heels to prevent their grinding down rapidly.

O'Sullivan's Heels are guaranteed to wear twice as long as ordinary rubber heels—they will outlast three pairs of leather heels.

Go to your shoe-repairer today and have O'Sullivan's Heels put on your shoes.

O'Sullivan's Heels

Absorb the shocks that tire you out

FAIL TO PASS ORDINANCE TO BOOST THE SALARIES OF CITY EMPLOYEES

An anticipated ordinance to boost the salaries of city employees failed to pass at a recent session of the city council. The ordinance, which was introduced by Councilman [Name], provided for a 10 percent increase in the salaries of all city employees. The council voted 4 to 3 against the ordinance.

DISTEL'S

Burns fully one half less gas, with better heating facilities than any other stove on the market today. This is on a meter test.

The Ironton Bunsen Burner Stove, built upon the same scientific principles as the famous Bunsen Burner used in laboratories and jewelry shops to obtain maximum heat, is guaranteed to withstand this rigid test.

Prices from \$5.50 upward according to size and design.

All styles, designs and sizes can be furnished. Our stock is complete.

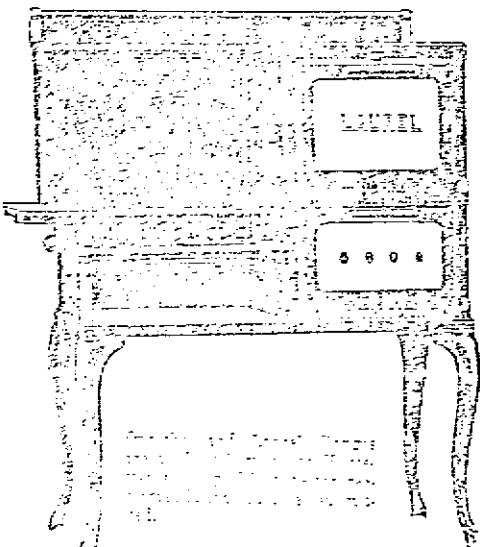

What more rigid test could be suggested to prove the assertion that the Bunsen Burner stoves are the most economical and practical built today?

An Ironton Bunsen Burner Stove will be installed in any home in the city. Give it one week's trial. If you are not satisfied with the performance—and we are certain that you will not be—the stove will be removed and there will be no charge whatsoever.

Laurel Ranges

All sizes and designs. Finished in white and blue porcelain. Nickel- or oxidized metal.

The Range with the maximum efficiency.

A Complete Stock Of The Famous Peninsular Hot Blast Coal Heaters

all sizes inclosed gas heaters.

COLUMBIA GRAFONOLAS AND RECORDS

One of the most highly appreciated Christmas gift is the grafonola. Our Christmas stock has just arrived—from the small to the large.

Make your selection early, your choice will be stored away until you desire delivery.

A visit in our record department will convince you of the pains we have taken for the convenience of those who love music.

All Columbia Records in stock. Name your favorite and it will be played for you.

SPORT SALAD

DETROIT, MICH., Nov. 6.—Jack Britton, welter weight champion of the world, easily outpointed Johnnie Tilmann of Indianapolis in a ten-round bout here last night. Britton extended himself only in the last round.

The University of Cincinnati football team will have its mettle tested Saturday as it meets the strong Kentucky State eleven. These two teams always battle down to the last ditch.

COLUMBUS, O., Nov. 6.—"No chance" was the laconic reply of Director L. W. St. John, head of the Ohio State University's Department of Athletics, in response to a query as to a possibility of a post-season game between Colgate and Ohio State, for the championship of the United States, should both eleven come through the season unbeaten.

In eastern as well as in middle-western circles there has been some talk of such a meeting, both machines having clean states so far. Considerable space has been devoted to the proposition of a contest to pit the two teams against each other. Ohio State athletic heads are known to be opposed to any lengthening of the season for such a purpose. They contend that nothing is gained by such extra games and that it works a hardship on the men to keep them in training over an extended period.

Anticipating trouble in signing up the field the club owners have agreed to give every player on the team a substantial increase in salary next season. This no doubt will prevent some of the players from holding out, but several will demand big salaries and there may be difficulty encountered in signing them to their new contracts.

Manager McGraw of the Giants gave out a statement yesterday that all Chase and Heinie Zimmerman were on the market. These two players are among the best known in the National league. Chase formerly played with the Reds.

Sammy Sandow, Cincinnati's famous featherweight, has been matched to meet Pete Hermann in a 20-round battle in New Orleans. These boys met recently in a ten round go in Newport, Ky., and Sandow outpointed the champion.

COLUMBUS, O., Nov. 6.—Ohio State will seek to regain its cross country laurels in the Ohio Conference meet to be run as a preliminary to the Purdue-Ohio State game here November 8. Entries of seven teams have been received so far, while those of several more schools are expected.

Cincinnati, which won the 1919 grid, has again entered a team. The varsity route used for the Western Conference training will be shortened for the November 8 date. The Scarlet and Gray runners finished second to Cincinnati last year, the first time in the history of the contest that the local sextet failed to top first place.

Other teams which have entered for the meet this fall are Wopster, Miami, Ohio Wesleyan, Dennison and Oberlin. So far as athletic officials here are aware, a dual meet between Oberlin and Wooster is the only intercollegiate competition in the state this fall. Fast time was made in this meet which was tied, each team turning in a score of 18 points.

All young men of the First Evangelical Sunday School are urged to report at the gym tonight for basketball practice. An effort will be made to have the school represented by a basketball five this season which will meet any other church team in the city. All young men over 16 years of age are urged to attend.

How often do you get a satisfying shave?

Make sure of 500 smooth shaves from every twelve blades

MANY men get a really enjoyable shave only once or twice each week—when they use a new blade. The keen, fresh edge slips easily through the beard, and leaves the face velvet-smooth.

How often do YOU get a shave like this?

Right after the first shave, a blade begins to grow dull.

Each succeeding shave usually becomes more uncomfortable, until at last you throw the blade away.

With the AutoStop Razor you can get a shave as smooth and clean as that first shave with a new blade—every day of the week!

Built right into the frame is a simple, efficient stropping device which resharpenes the blade in a few seconds—without taking the razor apart or removing the blade.

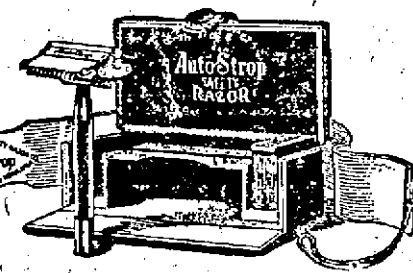

Five hundred satisfying shaves are guaranteed from every dozen blades.

Begin tomorrow to get the comfort of a fresh, keen edge for every shave. Ask your dealer today about the AutoStop Razor free trial plan.

Nash Owner After Transcontinental Drive Gives Interesting Figures On Economy of Operation

ENLIGHTENING FIGURES AS TO THE ECONOMY OF OPERATION OF THE NASH SIX ARE FURNISHED BY F. H. KUECK WHO JUST COMPLETED A TRANSCONTINENTAL DRIVE FROM NEW YORK TO LOS ANGELES.

"I REALIZE," SAID MR. KUECK, "THAT CROSSING THE CONTINENT IN AN AUTOMOBILE IS AN EVERY DAY OCCURRENCE. BUT WHEN YOU CONSIDER THE ALMOST IMPASSABLE ROADS I ENCOUNTERED, THE TRIP STANDS AS A WONDERFUL TRIBUTE TO THE NASH PRODUCT. I DID NOT HAVE ONE CENT OF EXPENSE FOR REPAIR ON THE CAR, EXCEPT A NEW OIL PET COCK ON THE CRANK CASE, THE PET COCK HAVING BEEN KNOCKED OFF BY A STONE."

THE FOLLOWING FIGURES CITED BY MR. KUECK GIVES A GRAPHIC IDEA OF THE ECONOMY OF OPERATION OF THE NASH SIX ON THE CROSS-CONTINENT DRIVE.

FROM NEW YORK TO DENVER—2137 MILES ON 156 GALLONS OF GASOLINE OR AN AVERAGE OF 15.62 MILES PER GALLON. AVERAGE FOR THE ENTIRE TRIP FROM NEW YORK TO LOS ANGELES, 4184 MILES—14.4 MILES PER GALLON.

"THESE FIGURES ARE CORRECT," SAYS MR. KUECK, "AND AT NO TIME WAS AN ATTEMPT MADE TO SAVE GAS. THREE TIMES I CROSSED THE CONTINENTAL DRIVE, ONCE AT BATON PASS—4,000 FEET, ONCE AT GLORIETTA PASS, 9760 FEET AND ONCE AT 10,000 FEET; EACH TIME IN HIGH GEAR ALL THE WAY."

"ON MY LAST DAY BUT ONE I FINALLY FOUND A PLACE THAT THE CAR WOULDN'T RUN—THAT WAS IN THREE FEET OF WATER AND EVEN THAT ISN'T EXACTLY THE TRUTH AS IT DID COME THROUGH AFTER A FEW MOMENTS' HESITATION."

"THIS OCCURRED WHILE CROSSING THE GREAT MONANA DESERT. IT SELDOM RAINS BUT WHILE I WAS CROSSING THERE WAS A CLOUDBURST AND THE LOW-LANDS WERE FLOODED. I RAN THROUGH A LAKE OF WATER AND FOR THREE MILES HAD NO IDEA WHERE THE ROAD WAS. THE WATER WAS OVER THE TIRES AND A GOOD DEAL OF THE TIME STILL HIGHER. FINALLY THE WATER REACHED THE DISTRIBUTOR BUT AFTER DRYING THE AFFECTED PARTS THE MOTOR RAN AS WELL AS EVER."

"I CONSIDER THE PERFORMANCE A MOST REMARKABLE TRIBUTE TO THE NASH."

P. H. S. READY FOR ATHENS FRAY

Couch Hess's pig skin chasers of the High School are in the prime of condition to do battle with the football eleven of Athens High Friday at Athens. The warriors will be out this afternoon putting the finishing touches on the week's practice in anticipation of a stiff contest. The encounter will take place Friday, instead of Saturday as previously announced, and the squad will remain at Athens over Saturday to witness the Ohio University-Baldwin-Wallace gridiron tussle. The boys leave Friday at 6 a. m., returning home Saturday on the 8:00 P. M. train.

Couch Hess had his Varsity romping about in scrimmage practice with the second stringers yesterday and the squad showed up well—tearing the scrubs blue with each plunge.

The weak spots of the line have been bolstered up with the intensive training and practice, and although Athens' line has not been scored on by an Ohio team this season, the locals are confident of putting up a fine battle with the husky lads Friday.

CHILlicothe ELEVEN HERE SUNDAY

The local N. and W. eleven from now on to the end of the season will play at home on Millbrook gridiron. Having booked the best teams in this section of the country to be their opponents.

Fort Thomas' soldier team will be seen in action here a week from next Sunday. Wellston will perform here Nov. 23 and on Thanksgiving Day the locals will play in fronton giving the local field to the high school team. The last game of the season will be here with Camp Sherman with a \$1,000 purse at stake.

The game with Camp Sherman for next Sunday had to be postponed on account of two soldiers on the team being ill with the flu. In their place Chillicothe's best professional team will play here. Chillicothe is bringing an undefeated eleven to this city after having won games from Circleville, Cincinnati Omnis, Dayton Oakwoods, Lancaster and Chilpeewa of Columbus. The Chilpeewa is the only team to score on the locals this season. Such stars as Deane, who has three

letters from Notre Dame, O. Towdell of Pennsylvania University, and Kentucky State, and F. Towdell of Kentucky and from Kentucky State University play on the Chillicothe eleven.

The local management guarantees this attraction to be the best offered this season. New players were given out Tuesday night, and the locals will go through a stiff practice. Practice will also be held tomorrow night. Several players have been added to the local lineup, on both line and backfield the line now averaging about 180 pounds. Ladies will again be admitted free to the game Sunday, there being a large sprinkling of the fair sex in attendance last Sunday.

LEGAL NOTICE

C. M. Polley, whose place of residence is unknown, will take notice that on the 15th day of September, 1919, in the County of Scioto, Ohio, in the Common Pleas Court of Scioto County, Ohio, being case number 123, against and against him, for personal judgment against him with interest at 6 per cent per annum and to foreclose a mortgage on the following described real estate to-wit:

Located in Nile Township, Scioto County, Ohio.
Located on McElroy, a branch of Taylor Creek bounded and described as follows: Beginning at a point on the north line of a section of a branch S. W. corner to Survey No. 1441; thence with said line S. 21° 15' E. 62 feet crossing McElroy Run 20 poles to a Chestnut oak, Hickory and stone on the top of a ridge; S. W. corner to said survey; S. 21° 15' E. 62 feet to a stone and again to a point in said line; thence N. 8° 15' W. 115 poles to a stone, white oak and small pine on a hillside and to the line of which this is part; thence leaving said line and through the tract a crossing ridge and at its crossing a line of stone and a drain to a stone on the point on the south line of the tract; thence with said line S. 21° 15' E. 31.5 poles crossing the branch to a stone pile west and small red oak on steep hill side on the line of survey; thence S. 21° 15' E. 31.5 poles to the beginning containing 13.5 acres more or less, and being a part of lots Nos. 6 and 7.

Said defendant has, or claims to have, some title to, lien on or interest in said premises, but refuses to plaintiff's mortgage thereon, as agreed in said case, and plaintiff prays in relation that he be required to set up his right, title and interest in or to said premises, and in case he fails to do so, that he be forever barred from asserting the same; that the said premises may be sold, and the interest of the defendant determined, and the amount of said mortgage paid, sold from the proceeds of the sale thereof; and for such other relief as plaintiff may be entitled to, either in law or equity in said premises.

Said defendant is required to answer on or before the 15th day of December, 1919.

AS THE STORM QUIETS DOWN

It is not popular to quote Judge Gary, but nevertheless, so well, so it seems to us, does he account for all that vexes and troubles in the present and have such a clear vision of the future, that it is well to listen to him and take heart of what he says, in this utterance.

"For ourselves, let us be fair and just, considerate and determined, hopeful and complacent. We shall emerge from the waves of unrest, which naturally follow the demoralization and terrors of war, and, as a people, will be better and stronger than ever."

This view is optimistic, but it is none the less accurate in forecast of what is to come, which lies immediately at hand. Of course, had we been fair and just, considerate and complacent, there would have been none of the disorder and disturbance of which we have a quick surfeit with the return of peace. Because we were not, because in the excitement and strain of the mighty conflict we lost our balance, ran to extremity, there is difficulty in adjustment now to former relations on a mutually equitable basis. Of the good sense of the American people there is no question, that at heart they ever stand for a square deal in their own boasts and action. So in the end and before long we will come to the settlement, which as Judge Gary says, will show we are better and stronger than ever. Meantime, it behooves every worthy citizen not only to keep the public peace, but to promote it.

The principles of right and wrong are eternal, they do not change. Man's needs and desires do and sometimes in administering the former and considering the latter we lose clear judgment of the relation and respective right of the two and fall into strife and confusion. Then we are prone to grow gloomy and feel like we are on evil days that can only grow worse. In the present there should be no such fear, no matter how dark and turbulent may be its cast.

THE VAGARIES OF THE BALLOT

EVERY election furnishes its oddities in voting and the one of Tuesday was no exception. To begin with it was an off year, so-called, and there was little agitation and less excitement in the campaign, which, according to all the rules should have meant a light vote, but the one here was heavy.

That vote was varied and various, though it ran in the main in one direction toward prohibition and Republican victory. One can not understand, for instance, why in one county a given number of precincts should give a two to one vote against the manufacture of two and three quarter cent beer and then a two to one majority against prohibition, unless they want the shadow without the substance, while others should cast heavily against prohibition and then give a large majority for the Craib act, which makes prohibition effective and was designed solely for that end.

It is puzzling whether the voting is done with some understanding, ignorantly or carelessly. Who can say whether the voter, who marks under the emblem of one party and then sets a mark opposite the names of every candidate under another emblem, does that to show he is a partisan disgusted with his party nominees and resents it by voting against all of its nominees, or he thinks he has to make a mark in one circle, else his ballot would not be valid or just carelessly makes a mistake.

One conclusion seems apparent out of the balloting, which is that if a clear expression of the will of the people it is to be made to appear through it some changes will have to be made. In innumerable instances voters receiving the eight different ballots, provided last Tuesday, marked one, two or three and returned the others unmarked. More particularly was this the case with the judicial vote and it will be noted that the aggregate vote on the majority was three hundred greater than that on the municipal judgeship, a figure greater than the successful candidate for the latter office won by. Undoubtedly many electors, because of the separate ballot gave no expression on the judgeship.

TIMES CARRIED THE NEWS

THE Times has always set a good pace in the covering of election news, but it feels especially proud of the manner in which it "cleaned up" on the local results in Wednesday editions. Probably never before were the results set so completely before its readers on the day following an election. A particularly noticeable feature was the carrying of the official figures on the city election, this being due to the efficient work of the Board of Elections which established a speed record in canvassing the vote.

The swivel chair warriors, who so jauntily vanquished the Kaiser, four thousand miles away, find it a different job to elect the mayor in their own home village.

"We've scored again"

THE MARRIED AVERAGE MAN

What does a woman do when this happens?
"Jim, dear, Athens says she won't take 'no' for an answer about her married hall. Couldn't you reconsider your refusal like an adorable, lusty and let's go and have a good time and forget business bothers?"
"Silence for an entire minute while pipe puffs ominously. Then:
"I don't wish to be disagreeable, Ann, but I am not going."
"Why not, Jimmie?"
"Because I don't like balls, I don't like Athens, I don't like that crowd of near-highbrows and self-styled poets who runs with."
"But, Jim, darling, you've never met them. What makes you call them that?"
"I don't have to meet them. I know their kind. They're a lot of free thinkers and free lovers and free."
"Jim! I won't have you speak of my friends that way. Mrs. Hunt is as fine and kind a woman as ever lived."
"My idea of fineness is not a woman who lives most of the time away from her husband and who schools young wives in rebellion."
"You know perfectly well, Jim, that you are mistaking things. Independence is not rebellion, and freedom in love is not free love. It is only when a woman is independent of all men that she can have a free choice for marriage. That is what freedom in love means—freedom to love for love's sake and not for support."
"Silence for the space of three minutes. My husband was evidently thinking this over. Jim is not altogether hidebound and intolerant. It is only that he has accepted his theories of life ready made, like his shoes."
"These people change wives and husbands with the same nonchalance as they change their dwelling places. You told me yourself that the portrait painter you met Mrs. Hunt is divorced and that the chap who does pictures for magazines does not live with his wife and child."
"Which proves nothing at all," said I, "except that they were unhappy and utterly hampered in their work for themselves and their service to the world living together, and happy, useful people separated. If some of the couples we used to know in Centerville had dissolved partnership instead of fighting together and having all sorts of squabbles they would be more respectable to my mind."
"Your mind, Ann, has undergone a great change since we came to New York."
"Yes, thank goodness, it has. I am proud to think I can grow. I would be ashamed, Jim, to hold the same views this year that I held ten years ago. Especially when it comes to things I was asked to take on faith, like marriage, religion and politics, without using my intellect at all."
"Yes, dear, I have learned, and learned rapidly, and I have much yet to learn. One thing in particular is a problem to me."
"And what is that, my dear?"
"Whether it is worth while trying to live my own life and loving my love and my home in the process," I answered slowly.
"Jim, sit still a moment without moving, then laid down his pipe and came over to my chair.
"There, little woman," he said softly kissing me, "you've said it. Love and home are woman's dearest possessions. Nothing—not even work, not even brilliant friends—takes the place of them. Come, dear, be reasonable. Don't go to that last ball."
"I said nothing. I am not happy. I wish I knew what to do."
(To be continued.)

New - York - Day - By - Day

BY
O. O. MCINTYRE

NEW YORK, Nov. 6.—The busiest man in New York is Tim, the wig-wag man at Herald-Square. It is Tim's job to see that street cars coming in six different directions every few minutes do not dispute the right of way with each other. He keeps them running smoothly by waving red and white flags from morning until evening.
I watched Tim the other morning with more or less fascination for a half-hour. Then I walked up Broadway and saw a car-borne photographer. Job's patience seems trifling in comparison with these illustrious

camera men. They put up their cameras early every morning and just stand until sundown.
In all the years I have watched them I have never seen them take a photograph. They very seldom even solicit business. And when they do attempt to make a sale they assume all the burden. They take the photograph, your address and the sale is conditional—that word doesn't sound right—upon your liking the photo.
There's a queer looking lot, too. I wonder what his behind their bored indifference to everything. They generally wear brown or black berberies, blue serge suits, shiny in spots, but well creased and a cigarette, rolled by hand, hangs loosely from rather sagging lips.
One or two of them I have seen also clinging to the ancient custom of carrying the comb in the vest pocket. They never smile. They present a show of friendliness. I have tried to talk to nearly all of them in the Tenderloin district. They judged me queer and turned away.
A Central Office man tells me that so far as he knows they are not criminals and none has a record. For some men—Irvin Cobb or Harry Leon Wilson could do it splendidly—there is a chance to show, as through a glass, the soul of the itinerant photographer, the beatings of his heart, to make

plain for simple fellows like me the inner and hidden meaning of his reserve—his mask of indifference.

My mornings are practically wasted these days looking for high-flown ads in the want columns of the morning periodicals. They abound with them and interpret the new order of things better than pedantic pliffs in the serious publications. I quote from a recent ad in the Tribune:

Chambermaid—Lady, beautiful, sweet-tempered, lovely voice, related to best families of Hunter's Point, might accept a job as lady chambermaid if properly approached by the woman of the house. No work only object. Wages be damned. Will grant interview in foyer of Ritz-Carlton. Don't try to force; service rotten. Brieflet.

CRABBE ACT AND RATIFICATION APPEAR BEATEN, BEER IN DOUBT WETS CONCEDE STATE DRY

COLUMBUS, O., Nov. 6.—Late returns today from Tuesday's prohibition election in Ohio seemed to shatter the election night prediction of Secretary of State Smith that the Drys had carried the four prohibition proposals, voted upon by majorities ranging as high as 75,000.

Official returns from 59 counties, including all of the wet centers and big cities, showed wet majorities on all four prohibition proposals, and unusually large wet majorities against the Crabbe prohibition enforcement act and ratification of national prohibition.

Based on his assertion on late official returns from 39 counties, Secretary of State Smith said first dry victory estimates had been much too high.

State dry headquarters this morning admitted the probable defeat of the Crabbe bill, said the vote was very close on ratification, but insisted

that the repeal of state-wide prohibition and the 2.75 percent beer amendment had been defeated by large votes.

L. H. Gibson, wet campaign manager, declared the Crabbe act overwhelmingly defeated and ratification decisively so.

Fairly complete unofficial returns from 55 of the 88 counties gave the Wets a lead of 14,000 on the repeal amendment, of 27,000 on the beer proposal, of 18,000 on ratification and of 15,000 on the Crabbe bill.

The missing 29 counties last year gave the Drys a majority of 32,000, enough to wipe out wet leads on the repeal and beer amendments. In order to overcome the wet lead of 48,000 on ratification, however, election experts pointed out that the drys would have to gain 15,000 in the missing counties over last year. To overcome the wet lead of 78,000 on the Crabbe

act, was regarded by the experts as impossible.

James A. White, manager of the Ohio Dry Federation, this morning refused to concede that the drys had lost the Crabbe act or any of the prohibition proposals voted upon Tuesday, although at his headquarters, it was admitted earlier that the Crabbe act probably had been defeated.

"The vote on the Crabbe act and on ratification may be close, but the drys will have a majority on them," Mr. White said, adding that the dry majorities on state-wide prohibition and the 2.75 percent beer proposals would be large. "Returns which came in this morning show that the dry vote on the Crabbe act is running very well in the remaining counties," he said.

CINCINNATI, O., Nov. 6.—L. H. Gibson, manager of the Ohio Home Rule Association, who, from headquarters here, has been in touch by telephone and

telegraph with every precinct in the state, said early today that the Crabbe bill has been overwhelmingly defeated; that the ratification of the federal prohibition amendment appears to have been defeated, and that the 2.75 beer proposal is in doubt.

"From the way the situation sizes up now, the wets have lost on the question of the repeal of State-wide prohibition," Gibson said. "The drys carried that proposal, but not by 75,000 majority, as was given out in Columbus Wednesday. I doubt if the majority will be as high as 50,000. The two and three fourths percent beer proposal is in doubt. The Crabbe bill has been overwhelmingly defeated. Also the ratification of the federal amendment to the constitution appears to have been defeated. The drys are holding back reports from strong dry counties.

DEADLOCK IN COAL STRIKE; FUEL SHORTAGE BEGINS

CHICAGO, Nov. 6.—The dispute between bituminous coal mine operators and union miners, which resulted in virtual cessation of production throughout the country last Friday night today continued deadlocked with both producers and miners agreed that the refusal of the department of justice to withdraw the injunction proceedings against officers of the United Mine Workers of America had swept away hope of immediate settlement of the strike.

As the approximately 425,000 miners remained idle for the sixth day, further steps had been taken to reduce the menace of a threatened coal shortage, already imminent in some sections.

Since passenger trains have been restricted from service on railroads in the midwest and Federal Fuel Administrator Gifford has been clothed with fuel authority over prices, distribution and shipment of fuel.

ASKING FOR RELIEF.

To the homes of several Nebraska towns, Iowa and California asked requests for relieving the threatened shortage. The mayor of Toledo, Knickerbocker, telegraphed J. I. Rowe, middle-west coal director at Chicago that that city was without a ton of coal in its market and "hundreds of families are in immediate need." California coal dealers asked for the release of coal confiscated by the federal fuel administration and the Iowa fuel administrator complained

that the repeal of state-wide prohibition and the 2.75 percent beer amendment had been defeated by large votes.

L. H. Gibson, wet campaign manager, declared the Crabbe act overwhelmingly defeated and ratification decisively so.

Fairly complete unofficial returns from 55 of the 88 counties gave the Wets a lead of 14,000 on the repeal amendment, of 27,000 on the beer proposal, of 18,000 on ratification and of 15,000 on the Crabbe bill.

THESE FRENCH AVIATORS ARE ATTEMPTING FLIGHT FROM PARIS TO AUSTRALIAN CITY

Aviator Fawcett and Mechanician Benoit with his little son before the plane used for the flight.

The longest airplane flight yet attempted is now being made by Paul Fawcett, French flier, and a mechanic, Benoit. They are now flying from Paris to Melbourne, Australia. The greater part of the trip is over land, but hazardous landings and lack of data on weather conditions make the flight a perilous one.

40 OUT OF 120 COUNTIES IN KENTUCKY GIVE WET LEAD ON DRY AMENDMENT

LOUISVILLE, KY., Nov. 6.—On the face of unofficial returns from all but one of the 120 counties of the state, Edwin P. Morrow, Republican, swept himself into the office of governor of Kentucky by a majority of 20,000 votes over Governor James D. Black, Democrat, in Tuesday's election. This is the largest plurality a Republican candidate ever received in this state, according to Republican state headquarters, which claims that Morrow's majority will exceed 40,000.

Interest today, however, did not center so much upon the gubernatorial race, but upon the state-wide prohibition amendment. Returns came in slowly on this proposal and N. A. Palmer, superintendent of the Kentucky Anti-Saloon League, to predict that the result might not be known for several days.

Only forty counties out of the 120 had been heard from early today, these

TEST SUIT IS SET FOR NOV. 12

LOUISVILLE, KY., Nov. 6.—Judge Walter Evans, of the federal district court here, on November 12 will hear arguments on a suit to test the constitutionality of the federal prohibition law. He set this date following filing of the suit late yesterday by Attorneys William M. Bullitt, Louisville, and Levy Mayer, Chicago, on behalf of Wright and Taylor and the Brown and Forman Distilling Companies of Louisville.

The defendants are United States District Attorneys W. V. Gregory and Elwood Hamilton, Collector of Internal Revenue for the Louisville district. The petition, which seeks to prevent interference with sale of nearly a million gallons of tax-paid whiskey owned by both companies, charges that title one of the enforcement

PLOT OVERTHROW OF THE GERMAN GOVERNMENT

ESSEN, GERMANY, Oct. 15.—(By the Associated Press)—Investigators for the Deutsche Allgemeine Zeitung, of Berlin, claim to have discovered plans for a communist uprising to depose the present German government and to establish a new one modeled on the Russian plan which would be associated with the present Russian soviet system. The investigators assert that the proposed revolution was to be assisted and offered by Russian Bolsheviks and that the outbreak is to have its beginning in the Ruhr coal district. The responsible newspaper publishes a warning so energetic that it is accepted in well-informed quarters as of more importance than the many rumors in circulation.

Munich, Brunswick and other cities are claimed to be subcenters for the movement. According to the paper, Spartacists and communists will be armed throughout Germany. The communists are said to count on destruction by whole army groups of the national defense army and on taking flight into their "red army." General fighting headquarters, it is asserted will be established in Brunswick, already a Spartacist and communist center, and a council government is to be proclaimed.

WEATHER

OHIO—Rain tonight; warmer in south portion. Friday rain or snow in west, rain in east portion; colder in afternoon or night.

OPENING STOCKS

NEW YORK, Nov. 6.—Trading in stocks at the opening of today's session revealed itself into a contest between opposing factions, declines succeeding advances. Steels and equipments were the objects of heaviest pressure at reactions extending from large fractions to two points. Motors, oils and general miscellaneous specialties also fell back moderately. Offsetting features included the rubber issues, American sugar and high grade rails at gains of 1 to 2 points. Firmer tendencies developed within the first half hour.

CAMP MERRITT CLOSED
WASHINGTON—Camp Merritt, New Jersey, is to be closed.

Flashes

NEWSPAPER MAN DROWNS
DAYTON—John A. Hays, newspaper reporter, drowned while hunting wild ducks.

THANKSGIVING PROCLAMATION
WASHINGTON—President Wilson, in proclamation, sets aside November 27 as Thanksgiving Day.

TREATY EFFECTIVE NOV. 28
PARIS—Treaty of Versailles will become effective Nov. 28, is official assertion.

ROOSEVELT NOT CANDIDATE
NEW YORK—Lieutenant Colonel Theodore Roosevelt, now assemblyman,

ment measure, relating to the duties of the revenue department to prevent the manufacture and sale of whiskey is unconstitutional in that congress violates the tenth amendment by exercising general police power over a subject matter not within its jurisdiction. Further, it said the war time prohibition act violates the fifth amendment, which provides that the government shall not take private property without just compensation.

QUITS POST
WASHINGTON—John Barrett, director general of Pan-American union, resigns, effective June 30.

Hand Crushed Off
IRONTON, Nov. 6.—Frank Crabtree, aged about 60 years, met with an accident yesterday at his home near Oil Union Furnace which will render him a cripple for life. Mr. Crabtree was working at a corn cutter and in attempting to push some of the corn down into the cutter, his right hand of nearly a million gallons of tax-paid whiskey owned by both companies, charges that title one of the enforcement

P. H. S. READY FOR ATHENS FRAY

Previously announced and the squad will remain at Athens over Saturday. The week spots of the line have been bolstered up with the intensive training and practice, and although Athens home Saturday on the 8:00 B. & O. Coach Hies had his Varsity romping bout in scrimmage practice with the second stringers yesterday and the

TERRIBLE TURK TO WRESTLE HERE

Another match until that one was settled. The Turk weighs 172 pounds and has made quite a reputation during the past three or four years, having defeated a number of good men on the mat. In going up against Varga, however, he tackles a man who is "fast and strong."

CHILLICOTHE ELEVEN HERE SUNDAY

The local N. and W. eleven from Chillicothe is expected to arrive here on Sunday. The local management guarantees the best professional team will play here. Chillicothe is bringing an undefeated eleven to this city after out-bowling some of the best teams in the state. The eleven will also be held tomorrow. The Chillicothe is the only team to score on the local line, on both line and backfield the line now averaging about 190 pounds. Ladies will again be admitted free to the game Sunday, there being a large sprinkling of the fair sex in attendance last Sunday.

ENTERTAINMENT AT HIGH SCHOOL TONIGHT

At the High School Auditorium tonight the general public is cordially invited to attend an A. No. 1 entertainment given by the students to promote "The Better Speech Week." The entertainment is free. Prizes will be given out at this time to those who won in the better speech week poster contest. Some of these posters have been displayed in local store windows and have attracted favorable comment. Special interest centers in the three art plays of the entertainment, which are as follows: "The Girl Who Came to Supper," "The Girl Who Came to Supper," "The Girl Who Came to Supper." The time is last night or tonight.

Britton Wins

DETROIT, MICH., Nov. 6.—Jack Britton, welter weight champion of the world, easily outpointed Johnnie Tilman of Indianapolis in a ten-round bout here last night. Britton extended himself only in the last round.

Real Game In Cinoy

The University of Cincinnati football team will have its next test Saturday as it meets the strong Kentucky State eleven. These two teams always battle down to the last ditch.

HASLETT WINS

Charles W. Haslett, Republican was elected mayor of Wellston Tuesday over his Democratic opponent, Elmer Haslett's majority was 34. He polled 679 votes and Elmer 645. Two years ago Elmer defeated Haslett 23.

Blaze In Basement

Kindling in the basement of the Security bank building caught fire this morning about 7:15 o'clock and caused the East End and Seventh street fire companies to be called to the building. The kindling was in one corner near the big furnace. The basement is concrete and no damage resulted.

Hazlett will insure you.

PEKNY ANTE

Ladies Night

SANDOW MATCHED

Sammy Sandow, Cincinnati's famous featherweight has been matched to meet Pete Hermann in a 20 round battle in New Orleans. These boys met recently in a ten round go in Newport, Ky., and Sandow outpointed the champion.

Giants On Market

Manager McGraw of the Giants were on the market. These two players are among the best known in the National League. Chase formerly hit Chase and Heinie Zimmerman played with the Reds.

TO BOOST SALARIES

Anticipating trouble in signing up some of the players from holding out the Reds the club owners have agreed to give every player on the team a substantial increase in salary next season. This no doubt will prevail.

State Will Not Play Colgate

COLUMBUS, O., Nov. 6.—No talk of such a meeting, both machines having clean slates so far. Considerable space has been devoted to the proposition of a contest to pit the two teams against each other. Ohio State athletic heads are known to be opposed to any lengthening of the season for such a purpose. They contend that nothing is gained by such extra games and that it works a hardship on the men to keep them in training over an extended period.

Seven Teams Have Entered

COLUMBUS, O., Nov. 6.—Ohio State will seek to regain its cross country laurels in the Ohio Conference meet to be run as a preliminary to the Purdue-Ohio State game here November 8. Entries of seven teams have been received so far, while those of several more schools are expected. Cincinnati, which won the 1918 grid, has again entered a team. The meet will be over a four mile course. The varsity route used for the Western Conference training will be short-ened for the November 8 date. The Scarlet and Gray runners finished second to Cincinnati last year, the first time in the history of the contest that the local sextet failed to cop first place. Other teams which have entered for the meet this fall are Wooster, Miami, Ohio Wesleyan, Denison and Oberlin. So far as athletic officials here are aware, a dual meet between Oberlin and Wooster is the only intercollegiate competition in the state this fall. Fast time was made in this meet which was tied, each team turning in a score of 15 points.

Basketball Practice

All young men of the First Evangelical Sunday School are urged to report at the gym tonight for basketball practice. An effort will be made to have the school represented by a basketball five this season which will meet any other church team in the city. All young men over 16 years of age are urged to attend.

New Mayor Endorses Chamber Of Commerce

In discussing the Chamber of Commerce campaign Wednesday, Mayor-elect Gableman gave the movement his unqualified endorsement. "The new organization will fill a need that has long been felt, here in Portsmouth," said Mr. Gableman, "and which has never been entirely covered by any of the three present commercial organizations. "In traveling around the country, I have had dealings with the civic-commercial bodies of a good many towns and cities and it is an unending rule that a town which has not a Chamber of Commerce does not amount to much. "In cities where there is an active Chamber of Commerce, that organization is always found in the lead in all matters pertaining to the welfare of the citizens. Mr. Gableman signed a pledge that he would help as one of the workers during the week of the membership drive. To be sincere should be the aim of poet, painter, author, teacher, minister, the daily workman or the draft horse or much cow of the family. One will not, if sincere, commercialize his gifts or his culture; he will not pander to the lower appetites of the masses or the whims of the rich. For one should be sincere in his entire being, in his faith and in his doubts, if he has them, in his optimism and in his pessimism.—Exchange.

It Ran In The Family.

Suitcase is very trim live, according to Wynne Baxter, the crooner. He said he had held inquiries upon a grandfather, a father and a son, who had all taken their lives in precisely the same way.—London Observer.

SOME OF THE SOFT COAL MINERS WHO WALKED OUT

This picture shows some of the soft coal miners who walked out on strike last week. They are carrying their tools and equipment.

DRIVE FOR LOWDEN FOR PRESIDENT DELEGATES IS NOW ON; ILLINOIS CANDIDATE IS LAWYER, FARMER AND EX-SOLDIER

Gov. and Mrs. Frank O. Lowden, and their children, standing on the grounds of their estate at S. Mississippi farm, near Chicago, Ill.

The drive for Lowden for president delegates at next June's Republican national convention is now on. Governor Lowden's Illinois campaign committee announced that it is already assured of delegates from that state. Frank O. Lowden was born at Sunbury, Ohio, Jan. 20, 1861. He served in the Spanish war, and was not engaged in politics during his time between farming and the practice of the law.
